ABOUT THE EVENT

The Business Summit – lasting a day and a half and attracting more than 350 attendees – is a one-of-a-kind event which provides a forum for business leaders, educators and legislators to learn from expert speakers in their fields and discuss key issues that will affect the state’s future for decades.

The Annual Dinner – begins with an evening reception and draws more than 800 attendees. This is a rare opportunity to hear an entertaining, top-notch speaker offer commentary on today’s political landscape.
