10th Annual Kentucky **ENERGY** MANAGEMENT Conference

Presented by

Conference Overview

This conference will give attendees timely information and practical advice to help navigate the challenging energy terrain. Experts from industry and government will share valuable insights on the forces affecting energy supplies and prices today, including the effects of increasingly stringent government regulations, ever more scarce natural resources and evolving global economic trends. Attendees will receive a wealth of information to help them achieve short-term goals of budgeting for energy costs today, as well as insights into the future cost and availability of energy sources such as coal, natural gas, wind, solar and nuclear.

Who Should Attend?

- Facility and energy managers
- Plant operations managers
- Maintenance supervisors
- Managers/purchasers of energy
- Energy aggregators
- Energy engineers
- Plant engineers
- Governmental affairs managers
- Managers from utility companies
- Municipal and rural cooperatives
- Corporate affairs staff energy consultants

Why Participate as a Sponsor?

With an expected attendance of over 100, your company will have the opportunity to connect with your target audience during various dedicated times for sponsors —both breakfasts and all breaks are held with you in the exhibit booth area. Join us for lunch and continue the connections and conversations.

Sponsors enjoy prime exhibit booth placement with ample time for interaction with attendees. Sponsors are key to the overall success of the conference. We welcome your organization's participation and look forward to displaying your logo on the promotional materials and providing your company with added recognition and visibility.
