Best Places to Work in Kentucky

Event Overview

We invite you to join companies across the state to celebrate excellence in the workplace. As a sponsor, you will create new sales opportunities, generate leads and position your organization as a supporter of the only award in Kentucky that recognizes the places where people love to come to work.

The Kentucky Chamber of Commerce and the Kentucky Society for Human Resource Management (KYSHRM) developed the Best Places to Work in Kentucky initiative to identify and recognize Kentucky businesses that represent the ideal workplace environment through dedication and creativity. Those companies selected as winners will be recognized during an awards dinner.

We start at the bottom of the list and work our way up to number one in the small, medium and large categories. The prestigious awards program has experienced incredible growth and has emerged as the standard for workplace achievement.

Winners

Winning companies participate in a comprehensive survey process and are then ranked according to those results. The list consists of three categories: small companies of 15-149 employees, medium companies of 150-499 employees and large companies consisting of more than 500 employees. Categories based on number of U.S. employees, with only Kentucky employees surveyed.
