24TH ANNUAL
KENTUCKY

Environmental Permitting and Reporting Conference

August 12-13, 2021 | Embassy Suites by Hilton Lexington/UK Coldstream | Lexington

Why you should attend

This is the most complete and comprehensive environmental permitting and reporting course offered in Kentucky. This course will provide you with the information you need to understand environmental permitting programs, while giving you the most current information on reporting issues facing the regulated community. This is the one conference environmental professionals cannot afford to miss.

This conference is for you ...

- Plant personnel responsible for air and water permitting
- Managers who review permit applications and work with corporate staff and production to plan for and implement changes in operations
- Facility personnel who must review new permits and evaluate whether to accept permit conditions or challenge them
- Persons responsible for compliance with environmental requirements
- Facility personnel who develop plans or work with consultants to develop plans to address contamination on site
- Persons responsible for dealing with waste management issues at the facility
- Engineers
- EHS professionals
- Environmental coordinators, specialists and managers
