## High-quality care designed for whole-person health

**Whole Health Connection®:** Our clinical integration solution connects pharmacy, dental, vision, disability and behavioral health data with medical data to put employees at the center of a team-based personalized approach to whole-person care. Plus, your clients will have a single point of contact for any benefit questions.

**24/7 NurseLine:** Registered nurses are on call 24/7 to help with everything from a baby's fever to allergy relief tips and can advise employees on where to go for care.

**Future Moms:** Nurses help moms-to-be follow a health care provider's plan of care, identify any risks, make healthier decisions during pregnancy and prepare for delivery. Future Moms with Breastfeeding Support on LiveHealth Online offers moms visits with a lactation consultant, counselor or registered dietitian through private and secure video using a smartphone, tablet or computer with a webcam.

**MyHealth Advantage:** When gaps or risks are identified, we mail a confidential MyHealth Note to the employee outlining specific actions he or she can take for better health and lower health care costs.

**ConditionCare:** If employees are dealing with a chronic condition like asthma or diabetes, they get one-on-one help from a health care professional. They'll learn easier ways to manage their health and reach their health goals.

**Case management:** Employees with complex health issues work with our nurses and behavioral care managers to stay on top of their health issues and navigate the health care system. Backed by a team of doctors, pharmacists, exercise physiologists and others, our case managers have the latest information and treatment options.

**Behavioral health:** Employees' emotional well-being is as important as their physical well-being to an organization's ability to stay competitive. Employees who are dealing with depression, anxiety, stress or substance abuse need help. Our Behavioral Health program is integrated with our health plans and includes our extensive network of psychiatrists, social workers and residential treatment centers.

**Online Wellness Toolkit:** Available on [anthem.com](https://www.anthem.com), the Online Wellness Toolkit gives employees the resources they need to set and achieve their unique health goals. It includes a health assessment for identifying health risks, guidance for lowering those risks, personalized trackers to track progress and fun activities that promote healthier decision-making.

**LiveHealth Online:** LiveHealth Online gives employees easy and convenient access to the care they need anytime, 24/7, with no appointments or long wait times. Employees can see a board-certified doctor or psychiatrist, licensed therapist\* or lactation consultant through live video on their smartphone, tablet or computer with a webcam.

**Autism Spectrum Disorder Program:** This program helps connect employees with licensed behavior analysts who work with children on the spectrum.

### Save **BIG** when you bundle!

ChamberAdvantage groups can save up to 3% on their medical premium and qualify for discounts on specialty coverage when they purchase medical along with dental, vision, life and/or disability.

Ask your Anthem representative for details.

\* Appointments subject to availability of a therapist. Members must be at least 18 years old to see a therapist online and have their own LiveHealth Online account. Psychologists and therapists using LiveHealth Online do not prescribe medication.

Any deductible amount contributed by an individual family member applies to the family deductible amount, but no individual family member contributes more to the family deductible than their individual deductible amount.

<sup>3</sup> For plans with a deductible, the pharmacy cost share applies after deductible for the tiers as listed. For plans with a separate pharmacy deductible, the deductible is combined for retail and home delivery.

<sup>4</sup> Retail 90 is included on all plans. Employees can get a 90-day supply of maintenance medications from a participating retail pharmacy.

The below overview represents network benefits. Our preferred provider organization (PPO) plans also include non-network benefits with higher cost shares, including deductible, coinsurance and copays. <sup>1</sup> All ChamberAdvantage plans have embedded deductibles. An embedded deductible means each family member has an individual deductible and out-of-pocket maximum. Any deductible amount contributed by an individual family member applies to the family deductible amount, but no individual family member contributes more to the family deductible than their individual deductible amount.

<sup>2</sup> Some services received in an urgent care and emergency room setting are subject to deductible and applicable coinsurance.

<sup>3</sup> For plans with a deductible, the pharmacy cost share applies after deductible for the tiers as listed. For plans with a separate pharmacy deductible, the deductible is combined for retail and home delivery.

<sup>4</sup> Retail 90 is included on all plans. Employees can get a 90-day supply of maintenance medications from a participating retail pharmacy.

The below overview represents network benefits. Our preferred provider organization (PPO) plans also include non-network benefits with higher cost shares, including deductible, coinsurance and copays. ## ChamberAdvantage frequently asked questions

### What is a ChamberAdvantage plan?

The ChamberAdvantage plan is a self-funded trust that is established or maintained for the purpose of offering group health coverage. It is governed by trustees and bylaws that satisfy the Kentucky Department of Insurance (DOI) requirements.

### Who makes the decisions for the ChamberAdvantage plan?

The ChamberAdvantage plan board of trustees will be responsible for the oversight of the plan and ensuring that the plan complies with all applicable laws and regulations.

### How is it determined if groups are eligible to participate?

The ChamberAdvantage plan is available to small business employers that have at least two employees eligible on their medical plan and no more than 50 total employees including part time and seasonal (vs eligible employees). The business must be domiciled in Kentucky.

### Why would groups choose the ChamberAdvantage plan over an ACA policy?

This alternative self-funded solution could be a good fit for your clients for many reasons including:

- Competitive rates
- Rating methodology similar to pre-ACA rating
- Predictable, fixed monthly payments
- Flexibility in choice of benefit plans
- Protection of being part of a large, self-funded pool backed by Anthem

### Can groups join the ChamberAdvantage plan at any time during the year?

Yes; however, all participating employers in the ChamberAdvantage plan renew on June 1 of every year starting in 2021.

### How will my clients' premium equivalent rate be determined?

There are multiple factors that impact the premium equivalent rate including:

- Medical history and expected risk of employees' future health claims
- Age and gender of employees
- The number of employees enrolled on the benefit plan
- Where your client's company is located
- Benefits that are being offered

### What components are included in the premium equivalent rate? Are there other amounts that groups have to pay in addition to the premium equivalent rate?

The premium equivalent rate covers expected claims, administrative expenses, taxes and assessments, and stop loss premium. In addition, chamber membership dues and product dues are billed separately and paid directly to the Kentucky Chamber of Commerce.

### Can groups terminate their policy at any time?

During the policy period, they may only elect to withdraw from the ChamberAdvantage plan at the end of a calendar month by giving written notice at least 60 days prior to that date. At renewal time, they must give written notice at least 30 days in advance.

### How will the annual renewal increase be determined?

An overall renewal increase needed for the ChamberAdvantage plan will be calculated based on a projection of the claims for the upcoming policy year for the entire plan. Each participating employer's increase will then be calculated based on that employer's risk profile including claim history, changes in the demographics, and number of enrolled employees of the group.

### My clients currently have an Anthem Blue Cross and Blue Shield policy. Will their employees have to change their doctors?

Not necessarily. The ChamberAdvantage plans offer Anthem's broad Blue Access network — one of the largest networks in the state. (It's always wise to make sure doctors are in-network before going to them. Check using the Find a Doctor tool on [anthem.com](https://www.anthem.com).)

### Are dental, vision, life and disability options available?

Yes, participating employers in the ChamberAdvantage plan are eligible for discounted ancillary plans offered by Anthem. This includes dental, vision, life and disability. These are stand-alone, fully insured plans for which the participating employer contracts directly with Anthem.

### Are all premiums paid through electronic funds transfer (EFT)?

Yes. There will be two EFT transactions, one draft for medical and one draft for specialty.

## ChamberAdvantage frequently asked questions (continued)

### Are groups eligible for refunds?

No, under this arrangement there will be no claims settlement at the end of the contract period.

### Are there participation requirements?

Yes. The participation requirements are the same for the ChamberAdvantage plan as they are for ACA. A group must also be domiciled in Kentucky and a chamber member in good standing with a chamber of commerce.

### How will I obtain rates and coverage options such as copays, deductibles and medication coverage?

Quotes will be quoted and received through the online quoting and enrollment tool on the Producer Toolbox. These quotes will show all medical and specialty options. Binding quotes will only be available after medical risk of the group is evaluated.

### Is a per employee per month (PEPM) commission paid to brokers? If so, what is the amount of the PEPM commission?

Amount will vary based on broker level.

### Can local brokers sell this product and how do they get signed up with Anthem?

All appointed brokers are eligible to sell the ChamberAdvantage product. More information on how to become an appointed broker can be found at [anthem.com](http://anthem.com) in the *Producer* section.
