6TH ANNUAL KENTUCKY WORKFORCE SUMMIT

presented by

Why should you attend?

Leadership from the private sector and strong public programs are key to creating a highly skilled workforce. The Kentucky Workforce Summit will focus on key areas where greater employer involvement can make a positive difference for the productivity of their companies and the overall quality of Kentucky's workforce.

Essential Skills for Today's Workforce. These skills are critical for success in life no matter where someone works or goes to school: working well with others, remaining drug free, adapting to new information — just showing up on time every day! How can we improve the essential skills of Kentucky's workforce?

Career Readiness. This is the latest buzz phrase for preparing students to succeed as adults. What does it mean to be career ready in today's economy and for the future? How do we make sure we're preparing students the right way?

Workplace Learning and Apprenticeships. Whether it's called project-based learning, an apprenticeship or a career pathway, the benefit of learning while doing cannot be overstated. Kentucky is picking up the pace on making work-based learning more widely available, but are we moving fast enough?

Plugging In. How, specifically, can Kentucky employers become engaged in meaningful ways to build a stronger workforce in our state?

This summit is essential for ...

- Policy leaders
- Human resources personnel and HR consultants
- Business owners
- Personnel directors and managers
- Employee relations specialists
- Career and technical educators
- Trade association members
- Education professionals from P-12 and postsecondary
- State and local workforce innovation board members

Praise for Past Conferences

Outstanding job mixing context with details.

Awesome program. Looking forward to viewing the video.

Very helpful, engaging with audience, gained even more insight of WIN system.

Extremely relevant to my job!

The figures Josh Benton chose to share about the workforce engagement in Kentucky made me proud of my state.

Very informative and motivational.

Josh Benton always knocks it out of the park.

Great panel with real life stories.

TPM is making a difference.

Awesome presentation!!! Very informational.

Kayla Parsons was phenomenal.

Very engaging, kept my attention.

Fantastic data we can use in our industry.

Amazing energy and very informative.

Great to hear community involvement and innovation.

Great to hear Kentucky is on the right track. Its refreshing to know we're on the cutting edge.

Always love when the U.S. Chamber can share with us.

Super informative. I came to the conference for talks like hers (Jaimie Francis).

Thorough and clear. You can tell David (Fusting) loves his work and Logan Aluminum. If all companies had this forward thinking, life would be much better. Great to see the investment in these employees.

So cool! Great talk by Doug (Goodwin)! I can see the future.

Loved the diverse panel.

I enjoyed the real life examples Anne (Loehr) gave and allowed us to share. Great topic!

Very engaging with audience, and I gained useful material.

Wow, we will be taking a lot of nuggets back to share with team.

Anne (Loehr) provided fantastic information, great exercises, would love a session on this specifically.

Outstanding presentation by Matt (Manley).

Wide variety of backgrounds on the panel. One of my favorites so far!

Very engaging, information was very helpful (statistics were awesome).

Would love info on how to connect with TPM for our own data.

Enjoyed understanding how well this process is working.

Very thorough. I would love to learn even more!

Absolutely amazing.

Michael (Rodenberg) was outstanding. Excellent real world examples of business needs meeting.
