Silver Sponsors

7th Annual CYBER SECURITY Conference

presented by  the ame group
formerly integrity

Conference Overview

This conference offers the latest information on current “best practices” for companies and individuals worried about cyberattacks on their networks and connected devices. Professionals working in the cyber security and data privacy field share their knowledge about current threats, how to best protect company operations and information and how to be in compliance with certain laws in this realm.

Who Attends?

This program should appeal to anyone who has a role regarding personal or confidential information – whether the information is that of a customer, employee, patient, student, job applicant or it is a trade secret or other proprietary information. Board members, CEOs, CIOs, CFOs, HR, PR departments, in-house and general counsels, and insurance and risk managers all are part of the team.

Why Participate?

With an expected attendance of over 100, your company will have the opportunity to connect with your target audience during various dedicated times for sponsors — both breakfasts and all breaks are held with you in the exhibit booth area. Join us for lunch and continue the connections and conversations.

Sponsors enjoy prime exhibit booth placement with ample time for interaction with attendees. They are key to the overall success of the conference. We welcome your organization's participation and look forward to displaying your logo on the promotional materials and providing your company with added recognition and visibility.
