## Why attend ...

The Kentucky Energy Management Conference will give you timely information and practical advice to help navigate the challenging energy terrain. Experts from industry and government will share valuable insights on the forces affecting energy supplies and prices today, including the effects of increasingly stringent government regulations, ever more scarce natural resources and evolving global economic trends. By attending, you will receive a wealth of information to help you achieve your short-term goals of budgeting for energy costs today, as well as insights into the future cost and availability of energy sources such as coal, natural gas, wind, solar and nuclear. You simply can't meet today's energy challenge if you don't understand the problem – we're here to help.

## This conference is for you ...

- Facility and energy managers
- Plant operations managers
- Maintenance supervisors
- Managers/purchasers of energy
- Energy aggregators
- Energy engineers
- Plant engineers
- Governmental affairs managers
- Managers from utility companies
- Municipal and rural cooperatives
- Corporate affairs staff
- energy consultants

Good mix of Kentucky specific and D.C./Federal updates. Enjoyed learning about PEER. Very engaging! Helpful FERC updates. Neil (Chatterjee) is fabulous!

*Erin Osting, Marathon Petroleum Company LP*

This was the best. Having the Energy Secretary; PSC; and FERC and U.S. Chamber is worth the price of the conference. Thank you!

*Linda Rumpke, Columbia Gas of Kentucky, Inc.*

Really good and topical.

*Brandy Case, East Kentucky Power Cooperative*
