## BUILDING FUTURE LEADERS

## ► *why apply?*

The Leadership Institute for School Principals offers public- and private-school principals in Kentucky an opportunity to receive powerful individual leadership development. The programming is supported by Kentucky's business community through the Kentucky Chamber Foundation, with programming provided at no cost through a partnership with Truist Leadership Institute.

The Leadership Institute for School Principals accelerates principal effectiveness in leading themselves and their school teams through a series of learning experiences designed to:

- Develop a deeper understanding of beliefs and the resulting behaviors that impact leadership effectiveness
- Expand awareness of navigating both personal and organizational change
- Discover strategies to create an environment that fosters greater teacher engagement

*“As someone who has been in education for 15 years, I’ve had a lot of opportunities to engage in professional development in a variety of settings. The Leadership Institute for School Principals has been by far the most valuable because it’s concentrating on making sure that I have the tenets and the foundations to be a great leader.”*

### Location

The Institute begins this summer with Truist Leadership Institute's (TLI) flagship program, Mastering Leadership Dynamics for Educational Leaders. Participants will attend a four day intensive workshop TLI's campus in Greensboro, NC and also a blended learning journey comprised of virtual self-paced and live online sessions. This experience is followed by a two-day session in the fall and another two-day session early in 2025 - both in Frankfort at the Kentucky Chamber of Commerce offices.

### Truist Leadership Institute

Building on its demonstrated success in developing business leaders, Truist Leadership Institute has customized a program to meet the specific leadership development needs of school principals. The program is delivered using a blended approach that immerses participants in a learning experience focusing on raising leader's self-awareness, developing conscious leadership practices and improving skills critical to individual, team, and organizational performance.

### Selection Process

Principals will be selected through a competitive application process. No more than 48 principals will be accepted. The number of participants will be selected based on available funding and cohort requirements. Successful applicants will be notified by **March 4, 2024**.

### Attendance

Applicants are required to attend all sessions of the Institute. Participants will be required to pay any fees associated with late cancellation. Participants not attending sessions for any reason will be required to remit expenses (mileage, hotel, meal stipend) associated with the session missed and will forfeit applicable EILA credits. Participants are required to notify Leadership Institute staff as soon as a potential conflict is discovered.

### Cost

For applicants that are selected, Institute tuition, travel, food and hotel costs will be covered by the Kentucky Chamber Foundation and the Truist Leadership Institute — over a \$12,000 value.

### Time Commitment

Before applying, applicants should consider the additional time and effort this professional development opportunity requires. This is not a typical "sit and get" program and will require active participation through assessments, goal-setting and commitment to learn and grow with your cohort and consultants.
