Stay in compliance and avoid costly penalties.

This course is specifically designed for those who are tasked with managing occupational safety and health for their business. The course will present and engage participants with topics that have been strategically assembled to support and enhance how safety and health is achieved, sustained, and enhanced in the workplace. Safety managers, safety leaders, human resource managers, business leaders, and anyone with overall responsibility for safety and health will find this course of significant value.

We'll cover:

- Using Problem-Solving Methods for OSH applications
- Avoiding OSHA's Most Frequently Violated Regulations (insights and strategies)
- The Business of Safety (safety metrics, workers' comp. applications, making safety pay)
- Improving Your Safety IQ (risk profiles, hazard anticipation and recognition, risk assessment)
- Leveraging Online Resources

Strategies, Tips, and Insights for SAFETY MANAGEMENT TOOLBOX

Speaker

Bill Simkins, CSP

W.E. Simkins & Associates

Simkins has more than 38 years of applied occupational health and safety experience providing occupational health and safety management strategies to public and private sector business. Simkins was a director of environmental health &

safety for Frito-Lay North America and Pepsi North America Beverages operations, retiring in 2018. He now leads Simkins & Associates, a consulting practice providing safety and health leadership and compliance strategies. Simkins career includes 12 years as a commissioned U.S. Army Medical Officer. He has a B.S. in Public Health and an M.S. in Chemical Engineering from the University of Kentucky. He is a board-certified safety professional, a registered environmental professional, an associate member of the American Conference of Governmental Industrial Hygienists, and a professional member of the American Society of Safety Professionals.
